Curtain Collections

Elegance in Texture, Excellence in Performance

NOBILIS Paris, established in 1928, is one of the most prestigious names in French interior decoration.

Renowned for its refined aesthetic and craftsmanship, the brand blends classical heritage with contemporary creativity.

Its curtain fabric collections stand out for their timeless elegance, technical sophistication, and adaptability across both residential and contract interiors.

In&Out Upholstery Collections

Elegance in Texture, Excellence in Performance

The In&Out collections by NOBILIS offer high-performance upholstery fabrics designed for both indoor elegance and outdoor resilience.

Crafted from solution-dyed technical fibers, these fabrics are UV-resistant, stain-repellent, and achieve up to 50,000 Martindale rubs, making them ideal for heavy-use spaces, hospitality, and outdoor living.

From textured weaves to refined neutral tones, the collections combine luxury aesthetics with exceptional durability, ensuring seamless style across interior and exterior environments.

Wallcovering Collections

Artistry, Texture & Performance on the Wall

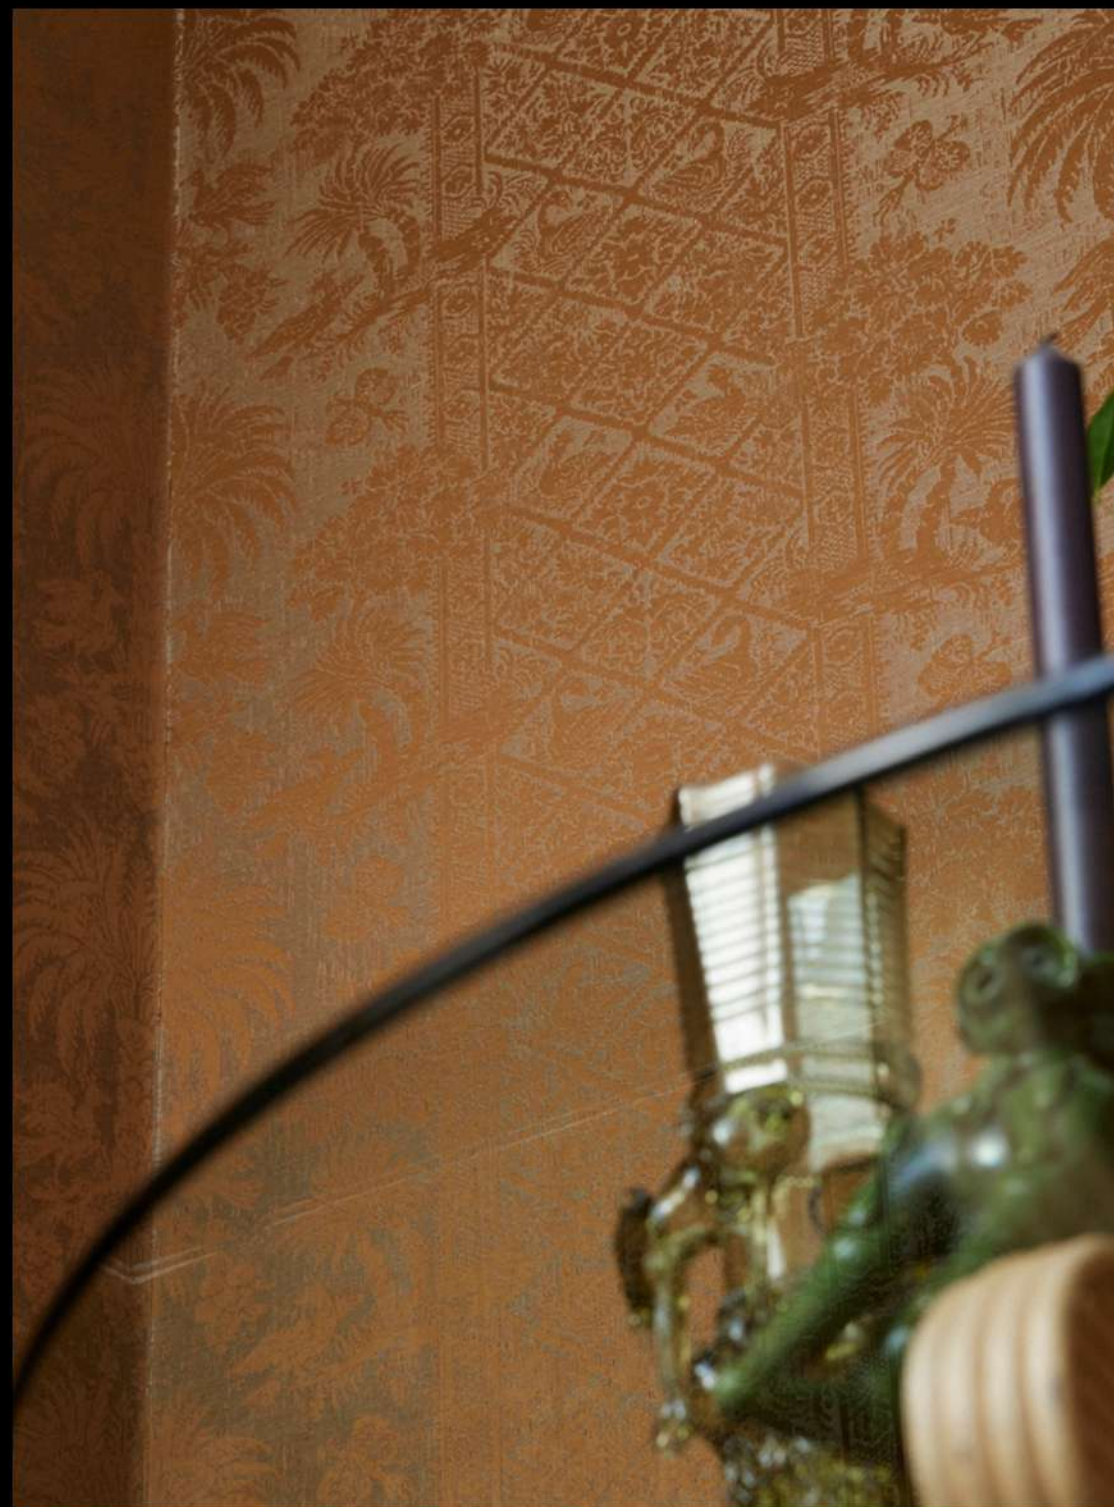

The wallcoverings collection by NOBILIS brings together refined textures, bold panoramics, and mural-style storytelling—crafted with the same elegance and precision that define the house’s textile heritage.

From large-scale scenic murals and panoramic landscapes to natural textures like woven abaca and mica-coated surfaces, the collection offers designs that elevate any space—whether residential or contract.

Finishes range from softly iridescent to tactilely raw with fire-retardant (FR) properties, blending artistry with material depth.
