Curtain Collections

Light, Texture & Movement

GANCEDO's curtain collections reflect 80 years of textile heritage, blending timeless elegance with technical refinement.

From sheer voiles and linen-look nets to luxurious velvets and jacquards, each fabric is designed to offer the perfect drape, light diffusion, and tactile appeal.

Some of the qualities in the curtain collections include soft veils and net curtains with fire-retardant properties using Trevira CS yarns for contract use.

Moreover, elegant woven textures and subtle patterns in neutral or sophisticated palettes are also available.

Curtain Collections

Elegance in Texture, Excellence in Performance

In&Out Upholstery Collections

Color, Character & Durability

GANCEDO's upholstery collections combine bold design with exceptional durability, offering rich textures, graphic patterns, and high-performance finishes for both interior and exterior applications.

From velvet jacquards and satin geometrics to solution-dyed In&Out fabrics, the collections combine amazingly flame-retardant articles suitable for residential, hospitality, and contract settings together with high Martindale resistance.

Wallcovering Collections

Surfaces with Soul

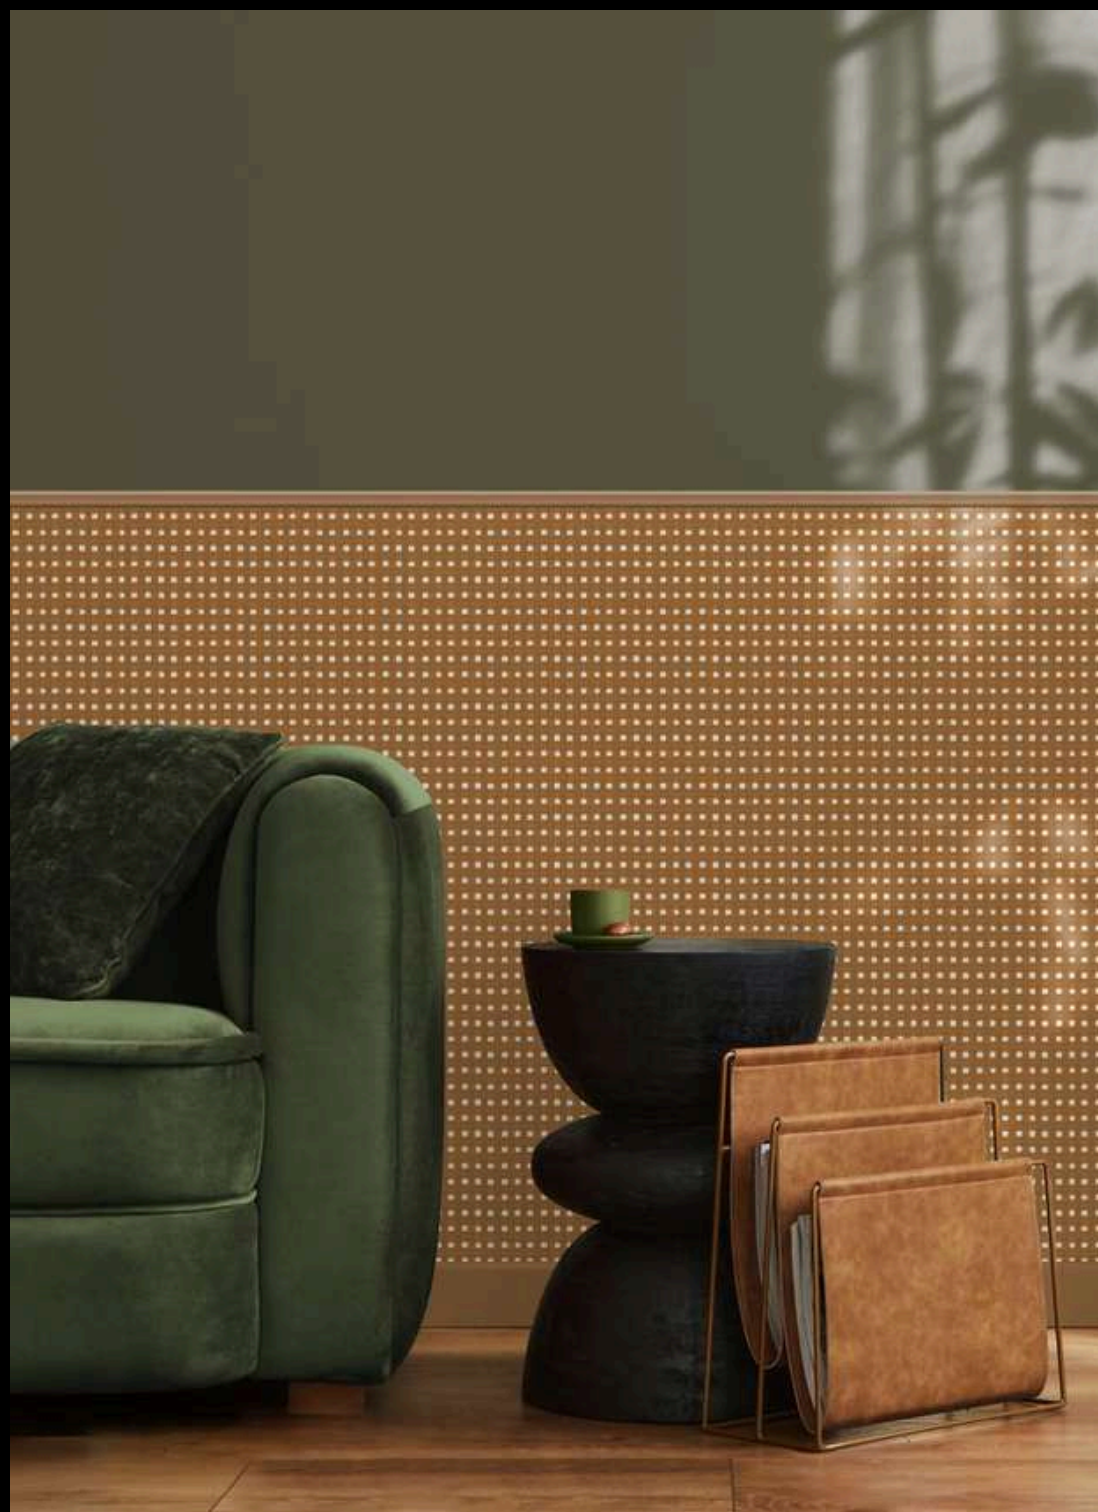

GANCEDO's wallcoverings expand the brand's textile sophistication into vertical surfaces—offering decorative wallpapers, textured finishes, and mural-style designs that complement its fabric lines.

The collections feature large-scale murals and abstract panoramics that transform walls into visual focal points, together with textured wallcoverings in curated palettes to coordinate with curtain and upholstery designs.

Additionally, flame-retardant options are present, suitable for hospitality and commercial interiors, enhancing spatial design with Spanish elegance.
